As we prepare to close this Lion year, I want to again express my sincere thanks to everyone who supported LCIF so far this year. We set ambitious fundraising goals, and I am proud to say we are making excellent progress! We have some work to do in these

last few months, so please continue to make your [individual and club donations](#) to our foundation and help us succeed in reaching our goal. We will announce the final number raised during the 106th Lions International Convention in Melbourne, and I am sure we will all be amazed by the Lions' and Leos' generosity.

Make a great day,

Brian E. Sheehan
Chairperson, Lions Clubs International Foundation

We Serve

President's Message Changing the World with International President Dr. Patti Hill

Dear Lions,

There is strength in numbers. Throughout my 34 years of service, I've always been grateful for the close teamwork and friendships that I've experienced volunteering alongside my fellow Lions.

Teamwork generates fresh perspectives and inspires others to join the good work we do—work that would not be possible without your dedication to service, which is shared by Leos and Leo-Lions. When we bring young people into our clubs, everyone benefits. We can learn from one another, help even more people together and strengthen the future of our service.

So collaborate with your Leos, or start a new Leo club. Encourage young people in your circle to become Leos and Lions, so we can grow our clubs and grow together through our service.

Yours in service,

Dr. Patti Hill
International President

The Jared Box Project was started in 2001 by the children of Our Lady of Victory School in State College, Pennsylvania, to honor their classmate and friend, Jared. He was a brave little boy who battled cancer with courage and faith that continues to inspire us all.

Since then, more than 1,000,000 Jared Boxes have been delivered to over 500 hospitals across the United States. Boxes filled with the "gift of play" are given to young patients in emergency rooms, hospital rooms, surgical centers, and clinics. Each box contains small gifts, toys, games, crayons, coloring books and fun activities selected for a specific age and gender.

We are a 'Give Local' project. Thousands of groups, families, and individuals have made and delivered Jared boxes to hospitals in their own communities. Children and their parents are so thankful for these boxes that showcase the importance of play and are filled with well wishes, hope and love.

Our 4th and final District Cabinet meeting for 2015-2016 will be held

Tuesday June 2 @ 10am. We will be meeting at Midway Green, Hershey, Pa.

RSVP

This is an outdoor event. Casual attire is OK. I will be wearing my President shirt.

We are planning a picnic lunch for the following meeting. Lisa Pardo will be preparing

grilled pork, hamburger BBQ and chicken. Chips and potatoes also. Drinks will be

on ice but feel free to bring your own.

Please RSVP by May 15. This will give us an idea how much food to prepare. You

can call me at 717-422-4122 or email ghilbert@rcnyl.org

I'm hoping for nice weather and spend time just eating and enjoying each other's

company. Most work hard all year to serve our neighbors. Sometimes it's nice to

have to sit and relax. Goodness! I don't believe it's coming so

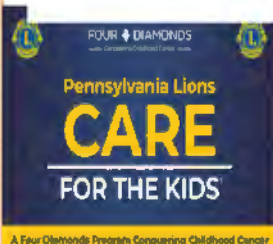

soon in Hershey.

The Coventry Lions Club Challenges District 14-P Clubs to Help Fund the KidSight Program

The Coventry Lions Club recognizes the Chester County Blue Beretque in 2010. Members of our club provided the vision, and one of our members was well-connected with the Blue Beret in our area. The event proved so successful that we made it an annual event. In 2011, we used the bulk of the proceeds to purchase equipment to help initiate the Control 14-P KidSight program. The KidSight program uses laser vision tests to screen preschool-age children for vision problems that, when detected early, can often be successfully treated. Over 11,000 children have been screened in District 14-P over the last 12 years, and about 2000 have been referred to eye care professionals.

Now forward to 2011 - the Chester County Blue Beretque continues to be a successful fundraiser, and the Chester KidSight vision equipment is aging and needs to be replaced. Therefore, the Coventry Lions Club is launching \$10,000 to help replace the equipment of all other District 14-P clubs. We look forward to the other District 14-P clubs joining in the solution and making our club the full program!

LOPF GRANT CRITERIA

lionsofpafoundation.org

REGULATIONS FOR LOPF GRANTS

The mandate and challenge to Lions of Pennsylvania Foundation (LOPF) is to achieve significant humanitarian results, particularly those relating to sensory impairment programs within the Commonwealth of Pennsylvania, with the funds available. All grants authorized should meet the LOPF's major objectives – Humanitarian Services and Vocational Assistance.

Grant request cannot be for more than 50% of the District, Lions Club financial support. The applicant must have secured 50% of the needed income before applying for a grant from the LOPF. The club can raise funds as part of the 50%.

GRANTS:

1. **Humanitarian Service Grants:** These grants may be issued for permanent communal programs or institutes, which satisfy humanitarian needs in harmony with the objectives of Lionism.
2. **Vocational Assistance Grants:** These grants may be issued for programs meeting a broad range of educational and training programs that provide a means for sensory impaired people to become self-supporting or to improve upon their economic and social well-being. Funds shall not be granted directly to individuals for such purposes.

LOPF sponsors activities that further reconstruction efforts, and that provide long-term benefits to as many sensory people as possible. Among proposed reconstruction projects, higher priority is given to those proposing the creation or reconstruction of new public facilities and services that benefit the sensory impaired.

CRITERIA FOR GRANTS:

1. Grants shall be authorized for projects meeting diverse human needs not adequately addressed by other programs, having a district Lions identification and character, and providing long-term benefits. Projects serving many people shall be preferred because of more favorable cost effectiveness, economics of scale, and lower costs per amount of service.
2. LOPF does not provide assistance to offer services otherwise available through governmental, religious, charitable, social, welfare, or comparable service programs. Nor does it attempt to fund projects more appropriately the responsibility of Lions Clubs, Districts, or other Lions units.
3. Grant Funds shall concern the financial burden of projects, which are beyond the scope of traditional Lions Club and/or District Fund-raising.
4. Projects shall be preferred that have high implicit promotional value.
5. Where grants are authorized for projects of a permanent nature, such projects shall carry a definite identification, as having been made possible through LOPF specifications, for such identification shall be provided by LOPF. Documentation of identification shall be included in the final report on the project to be submitted by the District.
6. Where grants are approved for a single project, no further grants will be permitted to cover continuing operating expenses.
7. Because of limited resources, grants shall not be made on a continuing basis to any single project.
8. Grants may **NOT** be made to meet operating, maintenance, payroll, labor or in-kind labor expenses.
9. Grants may be authorized for non-Lions organizations or programs only when their services and facilities would significantly contribute to LOPF purposes, and when their specific capabilities, resources, economics, and efficiency exceed those of available Lions programs. The LOPF grant must represent a significant addition to such program's service capacity. These grant applications must go through and have the financial support of a District or Lions Club.
10. Applicant Lions Districts, and/or Clubs, upon the certification of the District Governor and sitting District Director, must not only indicate the nature and extent of their planned participation in the grant project, they must also make significant financial commitment on behalf of the project.
11. Each grant application shall be judged solely on its own merit and the degree to which it meets these criteria and the operating policies of LOPF, as established by the Board of Directors.

The need for LOPF assistance must be documented by the submission, on a LOPF Grant Application form, of specific project plans and benefits, a project budget, and all other pertinent factors that may be requested by the Board of Directors. The project budget should clearly detail all project income and expenses, including allocations by item and detail. It should show all sources of income and expense, both received and projected. Project expense should equal project income.

2. Grant proposals may originate from any District or Lion organization. An application received must bear the District Governor's, and sitting board members of said District, signatures certifying the significance of the need addressed, the social value and operational feasibility of the proposed project, and the validity and reasonableness of the Grant Request. The certification of the Cabinet, or the Council of Governors in the case of a multiple district application, is also required. Cabinet or Council certification is to be evidenced by the submission of the minutes of the meeting at which the application was certified.

3. Any club project must have the full support, including financial support, of the District or a Lions Club, before its application may be eligible for consideration by the Directors. The amount of District/Club financial support must be indicated in the sources of income of the itemized budget. The Lions organization must make a 50% financial commitment on behalf of the project consistent with their respective funding capacity. The financial support comes from the District, Lions Club and other outside sources of revenue.

4. LOPF grant funds are intended for projects in the developmental stages, or for projects in progress. LOPF grant funds are not intended to repay loans or to establish reserve funds.

5. Grants issued to Lions Clubs or Districts will be made payable to the appropriate Lions Club or District (single, sub, or multiple). Such grants are to be approved by the District Governor or multiple district Council Chairperson who is in office at the time, the district board member and final approval is made by the Board of Directors. The grant sponsor is responsible to disburse and account for LOPF grant funds in his/her possession.

6. Lions and/or their families should not receive direct or professional benefit or have proprietary interest in projects receiving LOPF assistance.

7. Grant applications should be received by the Executive Director, in completed form with documentation, at least 30 days before a scheduled meeting of the Board of Directors, in order to be placed on the agenda for consideration by the Directors. In case of emergency an exception to this regulation an exemption may be made by the President or Executive Director.

8. Applicants failing to answer correspondence concerning their pending application shall be notified 120 days from the date of the last correspondence that their application will be automatically withdrawn, unless a response is received within 60 days starting with the date on the notice. This is the responsibility of the board member.

9. New applications for previously withdrawn or rejected projects may be submitted if there is reason to believe the project or the existing conditions are now such that the application is likely to be approved.

10. Applications will not be considered that request LOPF assistance in excess of 50% of the total project budget.

11. **Grant recipients are responsible for submission of a thorough report upon completion of their project within 30 days of the project being completed.** An appropriate form will be provided to the designated administrator at the time a grant is made. The report form will request details concerning the results of the project, and in particular, information concerning the exact use of funds made available through LOPF. Where feasible, the report should include photographs, newspaper clippings, and other documentation of work completed. An applicant failing to submit such a report will not be eligible to receive additional grants if there is a final report due in that District. This report should be sent to the Executive Director of the Foundation. The Executive Director will send a notification 30 days prior to the completion date on the grant application.

DISTRICT 14p Service Project

Little things like pop tabs can make a big difference! Help support families and children through our Pop Tab program by collecting and donating the aluminum tabs you pull to open soda, soup, and other cans.

Our Pop Tab program is one of the most popular way to get kids involved in learning to help others and donating to charity. From grade school classrooms to scout troop drives and summer camp projects, it's easy to start a collection in your community.

Simply find a clean container, add your own decorations

Go to Ronald McDonald House website for Logo

Does your Club collect the taps off of cans. If not please star. Collected tabs can be given to members of District Cabinet or taken to a District Cabinet Meeting or Event.

Collection boxes can be placed around your community.

Past Events and Service Projects

Lions Cub Program

Encouraging kids and adults to serve together and create a lifelong dedication to service through Lions clubs.

More information is visible from Lions International.

By visiting a Cub Program in your community, you are helping to guide our organization's younger volunteers and ensure a generation of youth who serve.

Did you know that Lions International has a program for elementary children

A great way to get children and grandchildren involved in serving.

How the program works

Cubs are children aged 12 or younger who are interested in service and show commitment to a given Lions club.

A Cub club can be formed when five or more Cubs are working together with a Lions club. A Cub club may be held responsible for certain tasks at a Lions-planned event, or may even plan their own events and hold their own fundraisers. If a Cub club forms, a Lion member should be designated as the contact to the Cubs and reported in MyLCL.

Look what the Coventry sponsored Cubs are doing.

The Straussutown Lions colored 80 dozen real eggs on Thursday, March 26. It takes a few hours to color all the eggs, but the Lions enjoy doing it. On Saturday, March 30, the Lions met at the Lions Club playground at noon to hide the eggs before the event starts at 2 pm. There are 6 different age groups into which we split the children from 1 year old to 12 years old. Each age group has 3 prize eggs that are hidden with the regular eggs. After the hunt is over, which takes about 5 minutes, the children with the prize eggs will get a large chocolate bunny, and every participant will receive a small chocolate bunny. This year we had about 140 children participate.

COVENTRY LIONS

The Kutztown Lions Club presented a \$25,000 check to the Kutztown Area School District Education Foundation to establish the Kutztown Lions Club Endowment fund. This fund will provide an annual scholarship to a graduating Kutztown Area High School student who will attend Kutztown University. The Kutztown Lions Club has traditionally provided an annual scholarship as part of its annual community giving program. Through this investment, student support will now continue well into the foreseeable future and beyond.

"The Kutztown Lions Club enriches the Kutztown community in a wide variety of ways. Through this fund we are able to provide a student with new opportunities that might not have been attainable otherwise" said Matt Dietrich Kutztown Lions Club President.

Eagle-Glenmoore Lions Club Donates Welcome Home Carts to Veterans

The Welcome Home Cart Program at the Coatesville VA Medical Center assists dozens of men and women each month to help veterans settle into their new homes and begin a fresh chapter in their lives. Each Welcome Home Cart contains a set list of essential items they'll need.

Lion Lew Riggins, an Air Force Veteran, handles Veterans Affairs for the Eagle Glenmoore Club and works with the Coatesville VA Medical Center to determine how the Eagle Glenmoore Lions Club can help with their projects. Earlier this year Lions Lew and Mary Riggins delivered two Welcome Home Carts to the center. The club also donated additional items needed on the same day. Lion Li is shown presenting the carts to the Coatesville VA Medical Center staff and the additional donation to the VA Veterans Center.
